

### **Course Descriptions**

We follow the industry standard Milady's curriculum and all state and federal requirements. One of the distinguishing factors in the L'esprit curriculum is the special hands on and demo instruction from current platform artists. Students will be prepared to qualify for the state board examination for licensure in their field of study. All curricula include classes in basic business procedures, standards, and industry insights. Instructor courses are a custom program, with costs determined on an individual basis.
